## SKILLS

- Good Communication
- Intermediate level in GitHub
- Proficient in data structures at an intermediate level.
- Java & Python
- C Programming
- Problem Solving

## CERTIFICATION

1. **Programming for everybody (Getting started with Python)-Coursera**
2. **Express js – Great Learning**

## PROJECT

**Solo-Chef: Your Culinary Companion-** It's a recipe finder app. Users can create, save, and search recipes by its name and ingredients. Through this project, I learned MongoDB, Node.js, Express, and Bootstrap.

**GitHub: [ https://github.com/Helan73/solo_chefnew ]**

**Hangman Game-** I have developed this project as a fun and interesting word game, I have learned more bout Java Script through this project , and for the frontend I used html ,css.
Link: [ http://hangman-game-helan.netlify.app ]

**BookMark** – This project allows users to save their favourite lines from books, along with the book title and author. They can revisit these details, which are stored in their local storage.
Link: [ http://bookmark-helan.netlify.app ]

**Todo list** - I have created a to-do list app that helps users organize and manage their tasks efficiently. The tasks will store in their local storage so they can revisit.
